Secunderbad

Arab Emirates are good to fly with.

A smiling Joseph met us at 4 AM To his home to rest. Went to pray for David-stroke victim aged 40 . Saw some very sad sights en -route. Joseph and Mary rise at 4 AM to run off water for the days needs, yet still heated buckets for us to bathe.

Overnight train to Visak. Slept quite well. Arrived at 10 30 AM Nathaniel there to greet us. Park Hotel luxury Swam. Shopping for family gifts. Swam early then to the old Peduyim Home. Wonderful greeting. Had meeting. Children , prayed, read and recited the Word sang. Served them lunch. Visited the new home. Still some work to be done. Walked in the village. Got back tired but swam again. Lalitha greeted me "Hello Mummy" AH...

Very noisy night Swam early Pick up at 10 30 AM for dedication. Beulah and older girls worked until 1 AM cleaning. Prayed in each room# Wore a sari. Discovered many things about the building delays!!

Text for the Home reads. **"This thing proceedeth from the Lord"** Gen 24 50

Another noisy night Leaving our hotel as our train again overnight. Made friends here when I was seen in Sari YMCA one night very basic So noisy!!! Walk on beach but smell of sewage too bad.

Took cake etc to street children project at YMCA

Visited Pastors homes . Some live with rats as company. Their dedication is remarkable. Farewells were very sad.

Bapatala

3 AM to train. Arrived in Vijawadda at 7AM met by pastors Jidugu –Johnson- Joseph . A 2 hour drive to another flower strewn welcome. Our room on beach A/C but no refrigerator. Beach dirty but walked it each morning. Trustees meeting for Tony I met with 4 wives of pastors- A happy time. Visited old home What a contrast Three boys are now preaching in villages with Pastors. Three on engineering courses. One girl on pre nursing courses.

Many encouragements but their spiritual lives are vibrant- anyone can feed them- here they are fed on the bread. Spend two days and one night at Sheila's Home. So good to get to know the family. Had games fun Dedicated the new home of Josephs family Prayed for a wife for him. His father very sick.

More homes visited. Having a shower by candlelight, my towel put it out-complete darkness. Went around village and was captured by Anita, a young girls with good English. Met her family. Visited fishing village, saw huts we built after Tsunami. Our boats were out hunting fish. My legs are covered in bites . Not mosquitoes.

We visited two prisons were there was a good response. One superintendent requested our visit and wore his uniform on my honour.

We celebrated 4 birthdays in Sheila's Home. Time to return to Secunderbad and Josephs and Mary's home. Meeting in the slums, Sunday school read, sand, recited danced . Next day inspecting sewing project. Two learning on a course then teaching others . Making things to sell . Distributed rice and bananas in rubbish tip- but had to make quick exit as outsiders heard of the food .

So soon home I have not told half Please pray for the workers. We send gifts and live in luxury. Their labours are truly sacrificial and on-going. Their reward will be great. For me a life changing experience.

Dear Praying friends

How time flies, so a short report on our blessed Lord's dealings with us . We were privileged to share in a small home meeting on the day of repentance, all of one mind. PTL. Late invitation to Lion House and Northeye Prison.

Tony went to a day centre in Seaford with liberty to preach. Many took literature. This was with Dick Wods. We are thrilled with the repair to our car, no leaks. Rust attended too new tyres s/hand carpet and seat. Such an improvement.

Sang at Amy's funeral, only with the Lords help "Oh Happy Day" Her Testimony. Tony taking regular Bible study with Sydney and Clem

Making disciples Lord willing. Sheila too, much tent making? Needs strength for ministry. We need His light and the right Word. Invitations to two nursing homes in Polegate. Yes or No? Feel No to one in Eastbourne.

Now done two meetings in Glenhazel –one lady 104. Pray for the staff as they seek to turn the home into a haven in Jesus name.

Open Air- Tony is still seeking clear direction-all is ready for the Go from the Lord. Has been preaching more often.

We both feel De Ross needs our support at present and we are greatly blessed by the reality we find there. Tony has less time for tent making with the time needed for preparation. Pray for the right balance.

Dear souls at Princes Alice Hospital are getting very frail and going to Glory, They very much need the Holy Spirit to minister to them. Please remember Mary and Jean still going Sunday with books and love in the Lord. Also Bethel and Sadie Rob and June.

April and May will see DV regular meetings at
De Roos PA Laughton Lodge, Ridgewood Rise,
Glenhazel, Milton Court, HomeLea, Bexhill.

One off's include Barcombe 5th May Bourne Street E/bourne 10th May.

This letter is the hardest thing to do, long too share all the many blessings, but there are not the words, your prayers are answered, keep praying we give thanks for you.

By the way- we would love to hear from your news too!!

Give thanks with us for the little rest we had when Sheila reached breaking point (Over-tired) We were blessed in a few day rest. Much blessing in all the meetings. The Lord is moving as we preach out the good news faithfully. The car had a breakdown (differential) but the Lord provided every need. The Lord is blessing the girls, they are growing in the Lord. Praise God danny is going to the Boys brigade, Trust he will hear the gospel, and take it home. Pray for helpers for the street witness. After waiting on the Lord for a while, I was renewed and prompted to go out into the highways and byways preaching Jesus
